

How to read your Sewer Use Bill

Residential Sewer Use Bills are billed in advance. The bills are sent out the third week of June. The 2020 billing covers the period 7/01/2020 to 6/30/2021. Residential users are billed \$404.00 per Equivalent Dwelling Unit (EDU). A single-family home is billed for One (1) EDU. A Two-family residence is billed for Two (2) EDU's. A unit is the same as an EDU.

Commercial and Industrial users are billed in arrears. The bills are sent out the third week in June. The 2020 billing covers the period 7/01/2020 – 6/30/2021 based on the water usage from 3/01/2019 to 2/29/2020. Commercial and Industrial users are billed on their past years water usage. 50,000 gallons per year equals One (1) EDU.

Your Sewer Use bill is broken into three sections.

The **first section** states “**Return With FIRST Payment**”. This first installment is due 7/01/2020.

You also have the option of paying the bill in full at this time.

The **second section** states “**Return With SECOND Payment**”. This second installment is due 1/01/2021 but because of the Governor's Executive Order 9R, the due date for the second installment has been extended to April 1, 2021 **except for landlords**. Please be aware the WPCA does not send out a second Bill. You need to remember to pay the second installment.

The **Third section** is to be kept for your records.
